Warranty
(From date of installation)

Drexel Metals
Coated Coil
Non-Prorated
35-Year
Gold Standard
Warranty

(From date of installation)

We are pioneers when it comes to standing behind our product with meaningful warranties! In 2012, Drexel Metals introduced our Gold Standard paint warranty to our network of qualified installers. This industry-leading warranty encompasses the total Drexel Metals system from the roof deck up and covers both materials and replacement labor if the installed Drexel Metals painted product ever were to fail.
